

To whom it may concern,

Thomas Grainger worked with Tropfest Australia from October 2012 to February 2013 as a Festival Intern.

During this time he assisted on tasks associated with film and entries processing, database entry and maintenance, marketing and communications, and general office duties including answering emails and phone calls. Thomas also acted as an assistant to one of our celebrity judges on the festival night in February.

Thomas was punctual, enthusiastic and dedicated to his work at Tropfest. He demonstrated initiative and undertook tasks assigned to him with confidence. Thomas also showed a genuine passion for the film industry.

His assistance during the festival period was incredibly valuable to the Tropfest team.

I have no hesitation in recommending him for a position at your organisation.

Best regards,

Grace McBride

Festival and Brand Manager
